

## PERMITTED CRUISING AREA

The permitted cruising area for this vessel is shown in Appendix 1. The first boundary runs in a straight line from **Bembridge Lifeboat Station** across the Solent to the **Chichester Harbour entrance** and the second boundary runs in a straight line from **Hurst Castle** across the Solent to **The Needles**.

The Renter is **not** permitted to use the vessel on the south coast of the island passed these points due to the local authority licence (see area hatched in red on Appendix 1 below).

## Appendix 1 - PERMITTED CRUISING AREA

The thick red lines indicate the limits of our allowable area within the Solent for rib hire under our licensing conditions.

You must **not** navigate **beyond** these limits under **any** circumstances.

The area beyond these limits (the red hatched area) is classed as open sea and should not be entered for **any** reason.
